DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christina Laigo on 12/9/2008.

The application has been amended as follows:

In the claims submitted by the applicant in the After Final Amendment filed on 10/1/2008:

Delete claim 17 in its entirety and replace it with:

-- 17. (Currently amended) A computing device or peripheral in a computing system, comprising:

a housing comprising at least one lighting component and an opening for user display means or user input means; and

a transparent or translucent layer integrated with a substantial exterior portion of said housing and positioned to provide a secondary source of information viewable in the user's workspace, whereby light emanating from the at least one lighting component propagates through said layer, said light generated according to a lighting scheme associated with a condition in the computing system or an alert from the computing system, the lighting scheme configurable by a user and synchronized among a plurality of communicatively coupled devices in a computing ecosystem,

wherein said condition is based upon whether a task being performed is associated with a primary zone, a secondary zone or a tertiary zone of the computing
